INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Gastonia City Directory since 1934), presents to subscribers and the general public, this, the 1962 edition of the Gastonia City Directory, which also includes Dallas, Flint Mills Villages Nos. 1 and 2, Groves Mills Village, Lowell, New Hope Acres, Ranlo, Smyre and West View Heights. The inclusion of New Hope Acres is new.

Confidence in the growth of Gastonia's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Gastonia to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Gastonia Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Gastonia. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Gastonia, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Gastonia, and the name, official personnel, nature and address of each firm and corporation in the community.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free reference, and serve as perpetual and reliable advertisements of Gastonia and vicinity.

The Gastonia Out-of-Town City Directory Library

Through the courtesy of the publishers of the Gastonia City Directory, a Directory Library is maintained in the offices of the Gastonia Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the chief cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

GASTONIA

"City of Unlimited Opportunity"

(Courtesy of Gastonia Chamber of Commerce)

Location and History

Gastonia is pleasantly and strategically located in the geographical center of the Piedmont Section of the Carolinas. This Piedmont is the section between the Coastal Plain on the east and the mountains on the west; it runs north-east and south-west; its average elevation above sea level is about 800 feet; and it contains the greatest concentration of population and industry in the southeast.

The section which now contains Gastonia and Gaston County was settled by Scotch-Irish and German settlers during the last half of the eighteenth century. These pioneers laid out their farms along the fertile countryside where only the Catawba Indians had previously lived. They treated the Indians fairly, there was no trouble between the races, and the Catawbas fought with them against other Indian tribes and in their struggles during the Revolutionary War. It is no surprise that the Battle of Kings Mountain, the turning point of the Revolutionary War, was fought only 20 miles from Gastonia by these same pioneers who were determined to preserve their political and religious freedom.

Twenty miles west of Gastonia, the Kings Mountain National Military Park, the turning point of the Revolutionary War. Thousands of tourists visit this historic spot every year. This is a picture of the battleground monument.

In 1846 Gaston County, of which Gastonia is the County Seat, was formed by a division of Lincoln County. It derives its name from Colonel William Gaston who was an associate justice of the Supreme Court of North Carolina and a congressman from North Carolina serving in the House of Representatives. Gaston is relatively small in area, having only 358 square miles.

Gaston County was only two years old when its first cotton manufacturing plant, the Mountain Island Mill, began operations. In 1852 the Woodlawn of "Pinhook Mill" began making textiles, and from these small beginnings the county has developed into the foremost textile manufacturing county in the nation—it consumes more cotton and has more active spindles than any other county.

This is a reproduction of the Woodlawn Factory of "Pinhook" Mill, as it was more familiarly known. It was built in 1849, in Gaston County, operated by water power, and was the second textile manufacturing plant in Gaston County.

Two modern textile manufacturing plants in Gastonia. Twenty three thousand people are engaged in manufacturing textile products in Gaston.

From a predominantly agricultural economy in the beginning, Gastonia and its mother county have developed during the century into North Carolina's third largest industrial county. While Gaston has maintained its supremacy in textile manufacturing, it has also diversified and added to its long list of products, in the making of which 29,000 persons are employed.

From a crossroads settlement, Gastonia was incorporated in 1877 and has grown to over 37,000, and a metropolitan population of 60,000. Lots of its manufactured products have an international market, and its good industrial climate beckons other industries to come and enjoy its benefits. With all its rapid, but stable growth, it has not neglected its educational, cultural, religious and recreational facilities.

For several generations the predominant industry has been manufacturing, and with this background the people possess an inherited aptitude for mechanical work and an ability to compete successfully. Census reports indicate that 47 % of employed persons are engaged in manufacturing and 32 % in white collar occupations. Those employers who have had occasion to compare Gastonians with those from elsewhere are very positive in their tributes as to their loyalty

A few of the great variety of textile products made in Gastonia.

Gastonia's great asset is its people—quick and eager to learn and conservative in their thinking

and the readiness with which they acquire mechanical skills. They are quick and eager to learn, cooperative and friendly in their attitude to their employer, and basically conservative in their thinking.

Completely adequate transportation facilities are at your "finger tips" in Gastonia. These facilities consist of three railroads, twenty-five motor freight carriers, a network of four U. S. and three State Highways, and the Douglas Airport, fifteen miles distant, which schedules 100 passenger and freight flights per day.

All means of transportation are readily available to Gastonia and its varied enterprises.

Retail Trade

Gastonia's trading area includes Gaston County and spills over into three adjoining counties, with an aggregate population of 250,000. The latest estimate by Sales Management gives Gastonia total retail sales of \$66,458,000 and Gaston County \$114,535,000.

Financial

Supporting Gastonia's spectacular growth is an aggressive attitude on the part of its banking fraternity and a formidable array of assets available from its three banks and two savings and loan associations. There are seven local branches for the convenience of banking customers.

Shoppers can have their most fastidious needs satisfied at Gastonia's mercantile counters.

One of the numerous plants in Gastonia where textile machinery is made.

Educational and Cultural

The educational facilities of the community are closely adjusted to its industrial, economic and cultural needs. Beyond the level of the splendid public and parochial schools are Belmont Abbey College (Senior), Sacred Heart Academy, a junior school for girls, Gaston Technical Institute with four two-year terminal courses in technology, the North Carolina Vocational Textile School, the Industrial Education Center with vocational courses for high school students and adults, the Evans College of Commerce and the Gaston Memorial Hospital School of Nursing. The Gaston County Nature Museum has had wide acclaim for the great variety of its fossils, artifacts, mineral and animal specimens. Many choral and study groups and associations and clubs add greatly to Gastonia as an attractive place to live and do business. The County Library with 110,000 volumes, has seven branches over the county for the convenience of all the people.

Churches and Character Building Agencies

The firm religious convictions of the pioneer settlers still persist in the Gastonia community today, as is fully attested by the countless thousands who regularly attend services in the 100 sanctuaries. These churches include the usual Protestant denominations found in the southeast, together with the Catholic and Jewish. Millions of dollars have been spent by local congregations in recent years for new and improved edifices. Gastonia has distinguished itself by the large number and excellence of its Boy and Girl Scout Organizations, by the Boys' Club of America organization for Negro boys, its modern and well equipped YMCA building, and the variety of its program for adults as well as the youth of the community.

Gastonia is a church-going community with 100 sanctuaries and many other character building agencies.

The Y. M. C. A. is a beehive of activity, patronized by all ages.

Recreational

The City of Gastonia has a well organized Recreation Department serving both races and geared to fit the needs of all ages. There are community centers, a skeet range, swimming pools, an 18-hole golf course, a regulation athletic field, all-weather tennis courts, picnic tables, an 85-acre lake for boating and fishing, and playgrounds for little children. The city has 13 parks, aggregating 250 acres, well distributed geographically for every potential user. Private enterprise has provided two bowling alleys with 52 lanes, four golf courses, basketball courts, and fields for baseball, football and all kinds of outdoor sports. On the Catawba River are several artificial lakes created by the Duke Power dams where year-round fishing and aquatic sports and boating are only 15 minutes distant. The Blue Ridge Mountains are only 60 miles to the northwest, and the Atlantic beaches can be reached in four hours.

Gaston Country Club is outstanding for its fine golf course and its nice, commodious quarters.

Water Skiing on Catawba Lake, only eight miles from Gastonia.

Government

Gastonia operates its fiscal affairs efficiently under the City Manager-Council (Plan D) form of government. Its tax rate is \$1.50 per \$100 of valuation, which is approximately 33 % of actual value. The County also operates with a Manager.

City Hall, the seat of Gastonia's government.

Health and Climate

There are four hospitals with 451 beds in Gastonia, including the North Carolina Orthopedic. These institutions have all facilities for the modern practice of medicine by the 55 physicians and surgeons who practice here. The County provides a Public Health Department which is very active in ferreting out and eliminating unsanitary conditions and guarding the public health generally.

Gastonia's elevation of 825 feet above sea level and its position relative to the mountains insure against extremes of both heat and cold and excessive humidity. Below zero temperatures have occurred on only four days since 1878, and above 100 degree readings occur on the average of twice in three years.

Gaston Memorial Hospital, one of the four splendidly equipped hospitals in Gastonia.

The average growing season—frost free period—is 230 days, extending from March 24 to November 10. Snowfall is infrequent and over a long period of time has averaged 5.7 inches per year.

Communications and Utilities

Gastonia has one newspaper, the Gastonia Gazette, an afternoon daily, with circulation of 23,000. There are three radio stations, WGNC, WLTC, and WGAS. The Southern Bell Telephone & Telegraph Company serves the area with over 38,000 telephones in the local exchange.

Water and sewerage utilities are owned and operated by the City of Gastonia, as also is electricity within the city limits. Outside, electricity is retailed by the Duke Power Company. Natural gas is available through the Public Service Company of North Carolina, its supply coming from the Transcontinental Pipe Line Company.

Out of Sight • Out of Mind ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE--OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

CAUTION

 Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

## CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

*Mr. Citizen! . . . . .*

*Correct Information Is  
Valuable to You!*

¶Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

# Typical Questions

Your City Directory  
Will Answer

---

## ABOUT AN INDIVIDUAL

How does he spell his name?  
What is his middle initial?  
Is he married? What is his wife's name?  
Where does he live?  
Does he own his home or rent?  
Has he a telephone?  
Who are his neighbors?  
What does he do for a living?  
Where does he work?  
Is he the "head of the house" or a resident?  
Does he own a business? Is he a member or officer?  
Who else is in the same business or profession?  
Is the woman single, married or a widow?

## ABOUT YOUR CITY

What is the city's history?  
What are the latest population figures?  
What is the latest statistical and general civic information?  
What are the leading industries and activities of the city?  
What are the names and locations of the schools?  
What are the churches and where located?  
Who are the pastors of the churches?  
What are the locations of the hospitals, homes and asylums?

## ABOUT A LOCALITY

How is the quickest way to get there?  
Who lives at a given address?  
Is there a telephone at the address or nearby?  
What is the character of the neighborhood?  
Is it a "home-owners" section?  
What is the nearest street corner?  
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?  
Where are the public and office buildings?  
If it is a business location, what business?  
If an office building, what firms or professional people are in what rooms?

## ABOUT A BUSINESS CONCERN

What is the nature of the business?  
What is the correct name and address?  
Is it a Proprietorship, Partnership or Corporation?  
Who are the partners, owners, or officers?  
Who else in same or similar lines?

## Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

### EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by

showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

Counterfeiters  
KNOW YOUR  
MONEY!**

**Don't Be Fooled  
by  
Forgers  
KNOW YOUR  
ENDORSERS!**

**The Government never redeems counterfeit money!**

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

**PORTRAIT** *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

*Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED SEAL**

*Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL NUMBERS**

*Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER**

*Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U.S. Secret Service 37-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10¢ each, or \$7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D.C.

## DIRECTORY SYMBOLS AND DESIGNATIONS

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Directory of Householders, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

### 1962

INCLUDING DALLAS, FLINT MILLS VILLAGES NO.'S 1 AND 2,  
GROVES MILLS VILLAGE, LOWELL, NEW HOPE ACRES, RANLO,  
SMYRE AND WEST VIEW HEIGHTS

Copyright, 1962, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc. does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. **DEMAND PROPER IDENTIFICATION.** Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. **BE SURE** some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. **PRINT** your name clearly on your mail box. **EQUIP** your mail box with a lock if you have not done so.
3. **CASH** your checks in the same place each month. This will make identification easier.
4. **DO NOT ENDORSE** your check until you are in the presence of the person you will ask to cash it.

## **FAIR PRACTICE CODE**

**for ADVERTISING and SELLING**

**recommended by the ASSOCIATION OF**

**BETTER BUSINESS BUREAUS, INC.**

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know — what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.
